

## MSAPMPER205B ENTER CONFINED SPACE

(Including MSAPMPER200B – Work in Accordance with an Issued Permit)

### Course Aim

To develop the essential knowledge and skills to enable the trainees to recognise the legislative requirements for entering a confined space.

To ensure that people working under a permit to work understand the system, know the limitations of the permit under which they are working and comply with all the requirements of the permit.

### Course Elements

At the end of this course the successful trainee will be able to:

#### ASSESS CONFINED SPACE FOR ENTRY

- Confirm and verify the purpose of the required entry Identify and assess hazards within/around the confined space,
- Ensure a risk assessment associated with entry of the confined space is conducted and documented Identify and document relevant controls,
- Make confined space ready for entry in compliance with procedures, relevant legislation and AS2865,
- Confirm and verify that the conditions of the permit reflect the risk assessment.

#### USE SAFETY EQUIPMENT AND CLOTHING

- Select and erect required protective equipment, apparatus and signs as defined in the *confined space* entry permit requirements,
- Select, fit and wear designated personal protective clothing and equipment, including lifelines and harnesses as defined in the confined space entry permit requirements;
- Select, test and use appropriate instruments and monitors for pre entry testing and continuous monitoring of the confined space atmosphere,

#### CONTROL CONFINED SPACE ENTRY

- Ensure designated work complies with confined space permit requirements,
- Arrange re authorization/reissue of permit where there is any change to work undertaken
- Complete confined space entry logs, ensuring that all entry and re entry of persons working within the confined space are accurately recorded
- Maintain communications with all relevant personnel to ensure safety
